Become a...

CIPM ® Certified International Project Manager

Certified by the American Academy of Project Management ® (AAPM ®).
Recognized in over 150+ countries via 800 training providers, universities,
colleges and business schools.

Who should attend?

- Managers
- Executives
- Project Managers
- Program Managers
- PMO Managers and Directors
- Training and Development Managers
- Operations Directors
- Executive Directors
- Research and Development Officers
- Team Leaders and HR Personnel
- Senior Analysts
- Management Consultants
- and Other Contractors

AAPM ® CIPM ® Course Overview:

Project Management is growing exponentially. It's now used in virtually all industries, such as government, health care, telecom, IT, education and banking. Effective management is how these organizations streamline to improve productivity. As businesses are restructured, project managers take over many responsibilities. Expertise and credentials in project management is a source of security, prosperity and power to many companies.

CIPM ® Core Curriculum – General Information

This course has been designed to include presentations, practical exercises and highly interactive group sessions. The CIPM® certification will be received approximately one month following the close of the seminar and all fees associated with certification are included in the course enrollment fees.

AAPM® *Certified International Project Manager*®

Professional Development – Executive Program Outline

CIPM® Certified International Project Manager Charter Certification®

AAPM® CIPM® Event Overview

By Attending This Program You Will Be Able To:

- Formalize the process of project delivery within your organization
- Examine the project delivery cycles
- Discover tools and techniques that aid in managing the results of various categories of project structures
- Learn how to develop effective strategies to manage projects

The Added Benefits You Will Receive Include:

- The ability to use the designation CIPM® on your business card and resume
- Membership verification to the AAPM®
- Access to the AAPM® project management network and body of information online
- Access to the AAPM international journal published online
- The CIPM® shows that you have completed graduate level project management education and you have substantial experience in managing projects on a regional and global level

About The Certified International Project Manager® Event

Project management is the world's fastest growing profession and in today's ever-changing business environment, organizations demand multi-skilled individuals who can manage far more than their predecessors.

During this intensive course you will examine the delivery cycles that are routinely encountered in business today, discover tools and techniques that aid in managing the results of various categories of project structures and learn how to develop effective strategies to manage these projects.

On satisfactory completion of this program you will receive your certification from the American Academy of Project Management (AAPM), which is recognized in over 150 countries. You will then be able to use the designation CIPM™ on your business cards and resume.

Who Should Attend? Certified International Project Manager

This highly practical qualification has been specifically designed for senior level project management professionals including:

- Organizational Project Managers
- Team Leaders
- Senior Analysts
- Executive Directors
- Operations Directors
- Program Managers
- Research and Development Officers
- Research Scientists
- Management Consultants and other Contractors

Plus anyone who is involved in project management, or anticipates being involved in projects in the future. This program is designed specifically to suit a broad range of professionals, as the program deals with technical project methodologies with a large emphasis on people and soft skills.

The CIPM® Training Style

This program is delivered using "blended learning". This involves classroom lecturing, highly intensive case study/role playing reviews, classroom interaction and feedback, and one-on-one coaching from the facilitator.

CIPM® Program Overview

Project Management is growing exponentially. It's now used in virtually all industries, such as: government, healthcare, telecom, IT, education and banking. Effective project management is how these organizations streamline to improve productivity. As businesses are restructured, project managers take over many responsibilities. Expertise in project management is a source of security, prosperity and power to many companies.

THE AMERICAN ACADEMY OF
PROJECT MANAGEMENT

ABOUT THE AMERICAN ACADEMY OF PROJECT MANAGEMENT ® INTERNATIONAL BOARD OF STANDARDS

The American Academy of Project Management ® (AAPM®) is the International Board of Standards supporting the Project Management industry and professionals. Our graduate qualifications are widely recognized through our network of professionals, which encompasses members in over 150 countries and partnerships with over 1000 Universities, Business Schools and training partners.

In the project management employment world, candidates should earn or attain extra and unique PM qualifications and credentials because everybody seems to have the basic project management certification. Our Global Board of Standards issues Project Management Certification to qualified professionals who meet our criteria and standards of:

- Graduate Training or Education or an Accredited Degree from an IPMC Approved Provider
- Experience and Positions within the Project Management Industry
- Industry Knowledge in the Project Management area
- Clear Understanding of Ethics and Ethical Roles of the Project Manager
- Continuing Education — You must strive to complete annual PM Education Each Year

With liaison offices and training centers in USA, EU, Latin America, Arabia, China, Asia, and India, The AAPM is has become the world's leading professional board of standards for project management practitioners. AAPM ® Executive Designation Programs also provide the assurance that the holder has met the required criteria for graduate post-nominal credentials www.CertifiedProjectManager.us
